

# Bioengineering Design Contract Rubric

Instructor: Z. Maria Oden

Team Name: \_\_\_\_\_

- 1. Contract adequately covers relevant topics /8
    - o Team leadership and member roles
    - o Communication
    - o Participation
    - o Work products
    - o Conflict management and resolution
    - o Logistics
  - 2. Professionalism: Formatting, Including Signatures, etc. /2
- Total: /10

## Grading elements in mission statement

	Excellent (max pts)	Average (mid pts)	Poor (lowest pts)
Contract adequately covers relevant topics	Provides accurate, brief background that clarifies motivation for doing the project.	Includes all required elements, but executes poorly in some areas OR executes well, but omits 1 or 2 required elements.	Contract does not cover many of the important elements or does so poorly and incompletely.
Professionalism	Formatted to be like a contract, includes actual team signatures, follows a professional format with sections clearly delineated. Organizes document for readability. Adopts professional tone and style. Grammar/spelling is not distracting.	Includes all required elements, but executes poorly in some areas OR executes well, but omits 1 or 2 required elements.	Poor execution or major omissions (more than 2 required elements missing). Document may be incomplete, sloppily organized, or poorly written.
